We registered voters of the county of _____ in the state of Michigan have signed our names below to declare that ***we believe the United States should begin an immediate, phased withdrawal of its***

troops from Iraq. We see it as the best policy for our country to end its unjustified, undeclared war in Iraq, and work with the rest of the world to arrest and prosecute all individuals who were actually responsible for crimes against humanity committed on September 11, 2001 and since that date. We believe that the best way to support our troops is to bring them home now. And we call on our elected representatives and appointed authorities at all levels of government to recognize these positions, and do everything within their abilities and powers to implement and carry them out.

(NOTE: This petition is ***unofficial*** – because it is darned near impossible under Michigan law, local charters, etc. to get a legally binding vote on things like this. . . and if we could, it might not happen until next November! Still, we do hope to collect enough genuine signatures of registered Michigan voters to show the moral authority and the power of the people behind the drive for an end to this war, and get some action from our governments. We'd also like to keep in touch with you about this effort, and about the **Green Party of Michigan** – but if you'd rather not hear from us, about either or both of these causes, just say so. On the other hand, if you'd like to collect signatures in your area, or suggest an event we should be covering, or join the **Green Party**, just say that.)
